

National Science Foundation  
School Science Society Programme

**SR-2009**

**Activity Sheet on Star Ratings for the Year 2009**

|          |  |             |                        |                          |
|----------|--|-------------|------------------------|--------------------------|
|          | <b>School</b>  |             |                        |                          |
|          | Registration Number  | NSF / SSS / |                        |                          |
| <b>1</b> | <b>School Science Day Programme for the year 2009 (or similar programme)</b>   |             |                        |                          |
|          | Date & venue   |             |                        |                          |
|          | Events   |             |                        |                          |
|          | Guest speaker /s & title /s of the presentation / s  |             |                        |                          |
|          | Science / invention exhibitions organized (attached details)   |             |                        |                          |
|          | Science Competitions organized at school / interschool level   |             |                        |                          |
| <b>2</b> | <b>Participation at Workshops / Seminars / Programmes / Field Visits / Exhibition etc...</b>   |             |                        |                          |
|          | Name of the programme  | Date        | Number of Participants | Organized / conducted by |
|          |  |             |                        |                          |
|          |  |             |                        |                          |
|          |  |             |                        |                          |
|          |  |             |                        |                          |
|          |  |             |                        |                          |
|          | Participation at the World Science Day Schools Programme on 06/ 11/2009 at BMICH (Yes / No)  |             |                        |                          |
|          | Did your school applied for WSD inter school science society competitions 2009 organized by the NSF (Drama / Role Play / Digital Story Telling / Poster) |             |                        |                          |
| <b>3</b> | <b>Projects</b>  |             |                        |                          |
|          | Projects Conducted at the school / community level   |             |                        |                          |
|          |  |             |                        |                          |

|          |   |   |
|----------|---|---|
|          |   |   |
|          | Projects Submitted to the Sri Lanka Science and Engineering Fair (SLSEF) organized by NSF and IESL (Science Research Projects competition / Junior Inventor of the Year Competition ) indicate the titles of projects and name/ s of the students |   |
|          |   |   |
|          |   |   |
|          |   |   |
|          | Whether wall newspaper is maintained (attach photograph/s )   |   |
|          | Whether any newsletter/ magazine have been published (if yes attach a copy / copies )   |   |
|          | Issues of Vidurava Science Magazines received in the year 2009 and how it is utilized   |   |
| <b>4</b> | <b>Any Other activities organized by the society</b>  |   |
|          |   |   |
|          |   |   |
|          | Constrains / problems encountered during the year 2009 activities   |   |
|          | Attach photographs (copies) / supporting documents for all the activities. If the space is not enough attach details separately   |   |
|          | Name and Signature of the Teacher in charge of the School Science Society for the year 2009   |   |
|          | Name and Signature of the President of the School Science Society for the year 2009   | Name and Signature of the Secretary of the School Science Society for the year 2009 |
|          | Name, Signature, date and the rubber stamp of the principal   |   |
